

# Invitation – Business 101 Workshop Series

## Setting up a business in New Zealand

Chapman Tripp and the New Zealand Philippine Business Council (NZPBC) warmly invite you to join us for a series of three workshops that focus on setting up a business in New Zealand.

The three workshops will cover the following topics:

- **Session One: Taking the leap** – in this workshop, business owners will share their experience in taking the leap to start their own business. Come along to hear about how their journey began, the key challenges they faced and practical advice based on their experience of having recently taken the leap.
- **Session Two: Business essentials** – this workshop will cover hot topics for new business owners and highlight some of the key considerations for those that are about to embark on the process of setting up their own business. It will cover topics such as funding, structuring and regulatory aspects (e.g. Health & Safety, employment and tax matters).
- **Session Three: Lessons learned** – hear from established business owners that operate in a wide range of industries about their experience. Our experienced panel will talk about the highs and lows, anything they would do differently and what they feel has been key to their success. This session will also provide an opportunity for attendees to ask questions after having gained knowledge and information from the earlier workshops.

Please RSVP by Friday, 16 June 2017 for the first session (see details below). Dates and invitations for the subsequent two events will follow.

**Date:** Thursday, 22 June 2017

**Time:** 6.00pm: Registration & networking  
6.30pm-7.30pm: Workshop

**Venue:** Chapman Tripp, Level 35, ANZ Centre, 23 Albert Street, Auckland

**RSVP:** Please [email](#) or call Manaaki Rimene-Sproat on +64 4 498 6361 to confirm your place.

We look forward to seeing you there.

*For non-members, please provide your name, position and contact details when you RSVP.*
